

Reservation Windows and Use Periods for Making an Interval International Exchange

As an alternative to reserving Club accommodations, Club members may request an exchange through the Interval International Exchange Network. Interval exchanges are confirmed using the concept of "comparable exchange". All exchanges through the Interval International Exchange Network are in increments of a week and are made using either assigned or reserved Calypso Cay inventory.

Club Members can choose from two flexible alternatives when requesting an exchange through Interval:

Request First Exchange

With this exchange method the Club member does not have to relinquish the right to use Club accommodations until a desired exchange into the Interval International Network has been confirmed. Should the exchange request be made during the OWNERS EXCLUSIVE RESERVATION WINDOW (12-10 Months prior to the commencement date of the assigned week) the requested travel dates must be before their assigned week. When a request is made during the MEMBERS PRIORITY RESERVATION WINDOW (10-3 Months prior to the assigned week with a possible use window extending up to 7 months following the commencement of the week) the requested travel dates must be before the date of the member's reserved week. When using the Request First Exchange method upon confirmation the Club member immediately relinquishes the right to use their assigned or reserved week.

Deposit First Exchange

By this method the Club member can extend the period in which they can make an exchange with Interval by first giving up their right to use Club accommodations. Inventory must be reserved at the Calypso Cay Vacation Villas by calling member services no later than the end of the MEMBERS PRIORITY RESERVATION WINDOW. The reserved week is then deposited into the Interval International Exchange Network and serves as the basis for the Club member to secure exchange accommodations from Interval. Upon deposit the member immediately relinquishes the right to use their reserved Club accommodations, which remains committed to the Interval International Exchange Network. A Club member upon depositing a reserved week can make an exchange request and travel anytime up to 24 Months after the commencement of the reserved week.

With no previous action, exchange through the Interval International Exchange Network is still possible in the three months prior to the assigned week. The type of exchange activity available to the member during this period will be dependent upon the inventory that is relinquished to Interval International.

All Interval exchange requests are subject to availability. There is no guarantee that a specific request can be confirmed. For more information regarding the terms and conditions associated with Club members use of the Interval International Exchange Network, please review the Interval International Buyers Guide provided at point of sale.
